TITLE 7. LOCAL GOVERNMENT
CHAPTER 5. GENERAL OPERATION AND CONDUCT OF BUSINESS
Part 41. Conduct of Municipal Government

Control Of Conflict Of Interest

7-5-4109. Control of conflict of interest. (1) The mayor, any member of the council, any city or town officer, or any relative or employee of an enumerated officer may not be directly or indirectly interested in the profits of any contract entered into by the council while the officer is or was in office.

- (2) The governing body of a city or town may waive the application of the prohibition contained in subsection (1) for a city or town officer or employee, or to the relative of an officer or employee, if in an official capacity the officer or employee does not influence the decisionmaking process or supervise a function regarding the contract in question. A governing body may grant a waiver under this subsection only after publicly disclosing the nature of the conflict at an advertised public hearing held for that purpose. In determining whether to grant a waiver, the governing body shall consider the following factors, where applicable:
- (a) whether the waiver would provide to a program or project a significant benefit or an essential skill or expertise that would otherwise not be available;
 - (b) whether an opportunity was provided for open competitive bidding or negotiation;
- (c) whether the person affected is a member of a clearly identified group of persons that is the intended beneficiary of the program or project involved in the contract; and
- (d) whether the hardship imposed on the affected person or the governmental entity by prohibiting the conflict will outweigh the public interest served by avoiding the conflict.

Summary of Sales Comparison Approach:		
All Shelby sales in the last 12 months were researched. 5 sales were	found to be comparable to the subject. Since the subject is s new	/
construction, sales older than 12 months and sales from other nearby	similar towns were also researched. There are very few new con	struction
sales in the subject market area. Comp 1 is a recent sale similar in y	ounger age, location, quality and garage but is superior in site siz	e,
basement, basement finish and overall room count. Comp 2 is also a	recent sale similar in location, quality, no basement, room count	and
garage. Comp 3 is similar in style, quality and no basement but is sur	perior in site size, GLA, bedroom count and garage. Comp 4 is a 0	Conrad sale
older than 12 months because it was a new construction sale. It is sir	nilar in quality, condition and style. Comp 5 is a new construction	sale in Cut
Bank but is superior in GLA, room count, acreage and GLA. The listing	ngs were also considered. It is the opinion of the appraiser that the	e market
value of the subject as of August 20, 2025 is \$280,000. See the adde	endum for a breakdown of the adjustments. Additional consideration	ons were
