

CITY OF SHELBY

MAY 2025 NEWSLETTER

Dear Shelby Residents,

Summer will be a very busy time in Shelby!

Work continues on homes being built at the Bitterroot location. Interested homebuyers should contact Shelby City Hall for pre-qualifying documentation. Construction projects will also continue within our water, storm water and waste water infrastructure systems.

We are so thankful to all the students and staff of Shelby Schools as well as the numerous groups, organizations, businesses and individuals who gave of their time and energy to help Shelby shine as part of our annual Arbor Day cleanup. You are truly stewards of our community in continuing to make Shelby a great place to live, work and raise our families.

As a Tree City USA for 25 years, the City of Shelby is very grateful for all those who continually volunteer their time, donate to the forestry program with the gift of trees, and ultimately serve as good stewards of the community. Together we are making progress in caring for our tree population and improving tree species while also keeping our community clean and cared for.

Special thanks to all the students & staff of Shelby Public Schools, Tom & Lorette Carter, the Catholic Religious Education teacher and students, Yellowstone Boys & Girls Ranch, Marias River Electric/Shelby Gas, Toole County Medical Auxiliary, Logan Health and all the other groups, businesses, and individuals for participating in our Arbor Day celebration and Annual Shelby Clean Up. Community efforts like these cannot happen without the support of all these wonderful people. THANK YOU!

Thank
you

Pool opening ...

MOW NOTICE

The City of Shelby weed ordinance requires that all vegetation on property be kept below six inches. If vegetation is in excess of this you are in violation of the ordinance. The ordinance is on the City of Shelby website (www.shelbymt.com). Un-sightly weeds and vegetation are a continued problem in our community and the City Council wishes to eliminate the annual problem. Trees, hedges and bushes at intersections must be no higher than 2 1/2 feet within 30 feet of the street corner.
