

# SHELBY WANTS TO HEAR FROM YOU

Shelby is updating its Capital Improvements Plan. The plan will be a budgeting and financial tool used by the City Council for maintaining and improving capital facilities such as streets, water systems, sewer, stormwater, buildings, parks and trails, and equipment. The Council would like your advice on selecting and prioritizing the City's most important needs. Capital improvements include but are not limited to items owned and operated by the City, such as water lines, sewer treatment plants, heavy equipment, and buildings.

Please provide your input on the project by completing an online survey:

<https://www.surveymonkey.com/r/BNGK8FF>

Please submit the survey by March 24, 2023

SCAN THIS CODE:

## THINGS WE ASK ABOUT:

How long you have lived in the City?

The condition of City's infrastructure and services.

What would you improve in the City?

## THINGS TO KNOW:

The survey will take less than 5 minutes.

Your answers will be private and anonymous.

Your answers will help us improve YOUR community.
